

SUPERBASE'S LEADING USERS GROUP

A. R. 'Bob' Mascott, Sec./Treas.
206 364-4896 Fax 206 362 1495

October 10, 1990

JUST IN CASE YOU ARE WONDERING;

Superbase's Leading Users Group (S.L.U.G.) has been providing a forum for over two years where:

1. You could meet with other people interested in Superbase.
2. You could have discussed problems you have in using Superbase.
3. You could have learned how others have developed solutions to their problems.
4. You could have kept up to date with versions and revisions.
5. You could have learned some techniques for the building of databases.
6. You could have learned different methods used in Form Designing.
7. You could have learned about programming in Database Management Language.
8. You could be as smart as can be and way ahead of us. In which case none of the above would apply.
But you could attend one meeting and help out your fellow man.
9. You could have met with us on the third Wednesday of each month at 7:00pm.

Downstairs Auditorium in the South Office of
Snohomish County PUD # 1
21018 Highway 99
Lynnwood, Wa.

10. You could have paid dues by either of two methods:
 - a. \$ 2.00 per meeting attended.
This is for those persons wanting to attend a particular meeting but do not want to become a permanent member.
You may have wanted to solve a problem you were having, or you just want to listen to a particular speaker.
 - b. \$ 15.00 per year - Permanent Member
This allows attendance to any and all meetings, plus you will have access to the local Superbase BBS.
